Task

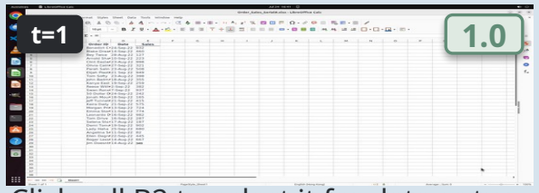

Fill the Sequence Numbers as "No. #" in the "Seq No." column

Reference (partial)

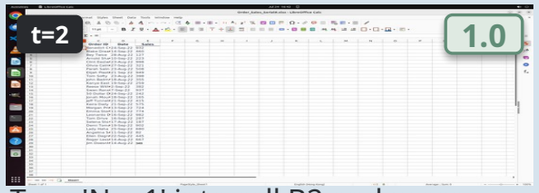

The 'Seq No.' column (Column B) must be populated with sequence numbers formatted as 'No. 1', 'No. 2', 'No. 3', etc., corresponding to each data row. The current group specifically targets the initialization of this pattern by entering 'No. 1' in cell B2 and 'No. 2' in cell B3.

G1 Enter initial sequence values

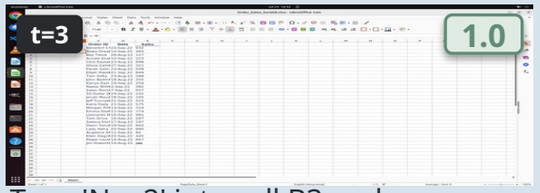

1.0 Milestone

Click cell B2 to select it for data entry

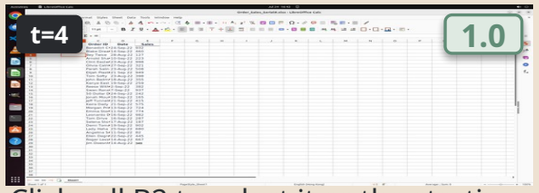

Type 'No. 1' into cell B2 and press Enter to confirm and move to the next cell

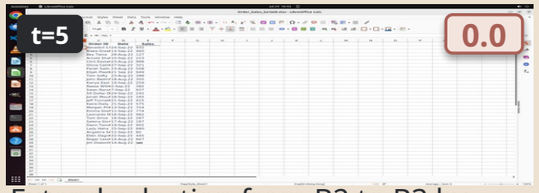

Type 'No. 2' into cell B3 and press Enter to confirm

G2 Attempt to auto-fill sequence (First Attempt)

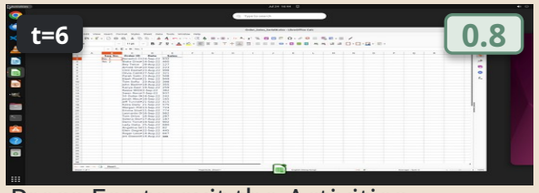

Click cell B2 to select it as the starting point for the pattern range

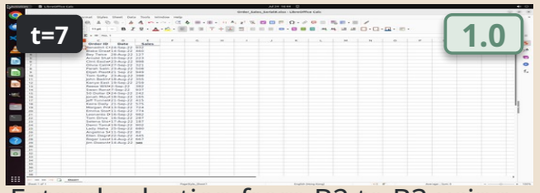

0.4 Exploratory

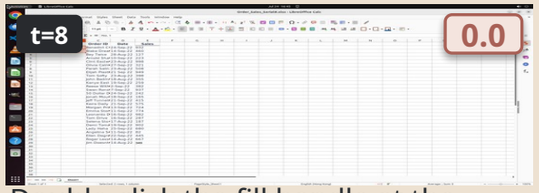

Extend selection from B2 to B3 by shift-clicking B3

Press Esc to exit the Activities overview and return focus to LibreOffice Calc

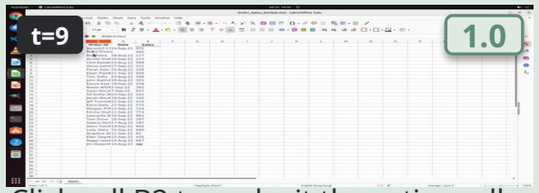

Extend selection from B2 to B3 using Shift+Down arrow

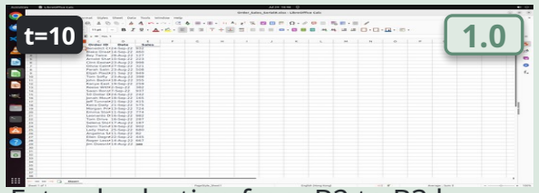

Double-click the fill handle at the bottom-right of the selected range to auto-fill the sequence

G3 Retry auto-fill sequence (Second Attempt)

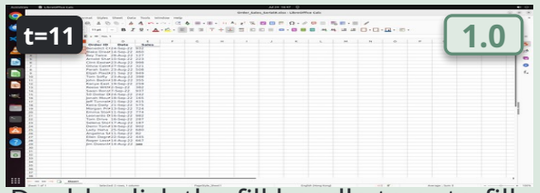

1.0 Milestone

Click cell B2 to make it the active cell for reselection

Extend selection from B2 to B3 by holding Shift and pressing Down

Double-click the fill handle to auto-fill the sequence down the column
